	Service Coordination 1:1 (15 minutes/unit)	Service Coordination 1:2 (15 minutes/unit)	
Vehicle Modification Expenses (formerly Adaptive Van Expenses) (NPRR)			
	Vehicle Modifications Expenses 1:1 (1 service/unit)	Vehicle Modifications Expenses 1:2 (1 service/unit)	Vehicle Modifications Expenses 1:3 (1 service/unit)

Most services cannot be provided while an individual is admitted to the hospital. Services cannot be provided while an individual is admitted to a nursing home or rehab facility.

Ratios are defined as employee:consumer (i.e., **1:2 is 1 employee providing support to 2 consumers, 2:1 is 2 employees providing support to 1 consumer**).

It is important to choose the code that includes the correct employee:consumer support ratio.

This information may change; please consult www.arissolutions.org, your case/program manager or Program Handbook to be sure that you have the current information. The employer is responsible to ensure all program requirements are met around who can be paid. For more information about these requirements, please consult the Medicaid and program manuals.
