

Informational Webinar Sign Up!

This notice is to inform you of an upcoming change to ARIS Solutions' electronic timesheet and EVV systems. Effective July 1st, eTimesheet and EVV users in the Children's Personal Care Services, Developmental Disabilities Services and Family Managed Respite will be transitioned out of eTimesheets and Sandata and into EVVIE Portal. EVVIE Portal is a single system which can be used to submit timesheets and record services requiring EVV. To prepare for this transition, please register for one of the upcoming webinars. These sessions will provide step by step guidance on using EVVIE Portal and offer an opportunity to have your questions answered.
